OPTEC 2023 CONFERENCE

Listen Learn Network

Join us for the annual Optical Technology Center conference that highlights optical science and engineering, and where undergraduate and graduate students, research staff, and faculty report on recent developments in optics at Montana State University. Companies will also share new developments in industry. After a day of oral presentations, a highlight of the meeting is always the evening catered poster session that includes many local and regional businesses.

SEPTEMBER 28, 2023

8:00AM - 8:00PM

**INSPIRATION HALL
NORM ASBJORNSON HALL
MONTANA STATE UNIVERSITY**
